PURPOSE. This fourth volume in NCTE/ERIC's index to ERIC English, *ERIC Documents on the Teaching of English*, represents the continuing effort of this Clearinghouse to bring together in one place a list of all documents relating to English teaching which have been processed into the ERIC system. Because each ERIC clearinghouse covers a separate area of the educational field (e.g., Linguistics, Junior College, Teacher Education--a complete list follows this Preface), the documents processed by several clearinghouses are of possible interest to the English teacher. These acquisitions have been announced in so many issues of *Research in Education (RIE)*, *Current Index to Journals in Education (CIJE)*, and other USOE publications that the English teacher does not now have any convenient way of finding all the documents in his area of interest. Although indexes to *RIE* are quite helpful, the ERIC Clearinghouse on the Teaching of English hopes to meet the demand for greater convenience with this continuing index.

CONTENTS. The present volume brings the index through June 1970. The four volumes together index the English-related content of the ERIC file from 1956 through the first six months of 1970. The following indexes are now available:

ERIC Documents on the Teaching of English: 1956-1968 indexes documents from the *Office of Education Research Reports: 1956-1965*, from the *Catalog of Selected Documents on the Disadvantaged*, and from the issues of *RIE* from November 1966 through December 1968. Available from the National Council of Teachers of English, Stock Number 02259--$1.00 prepaid.

ERIC Documents on the Teaching of English: Volume Two--January-June 1969 lists all those ERIC English documents abstracted in *RIE* during the period indicated as well as many documents from the earlier period which were omitted from the first volume because they were not available from the ERIC Document Reproduction Service (EDRS). (NCTE/ERIC decided that a complete index should include citations for all English documents processed--evaluated, indexed, and abstracted--by an ERIC clearinghouse; hence, this volume includes those previously omitted documents and gives availability sources for them.) Available from the National Council of Teachers of English, Stock Number 02268--$0.75 prepaid.

ERIC Documents on the Teaching of English: Volume Three--July-December 1969 completes the index through 1969 by listing not only all those English-related documents abstracted in *RIE* from July through December but all journal articles related to English which were indexed during 1969 in USOE's newest publication, *Current Index to Journals in Education (CIJE)*. Available from the National Council of Teachers of English, Stock Number 02277--$1.25 prepaid.

ERIC Documents on the Teaching of English: Volume Four--January-June 1970 continues to index the content of both *RIE* and *CIJE*, the first six 1970 issues of each.

The documents cited were selected by hand and eye from computer-produced abstract collections by the staffs of the ERIC clearinghouses at the Center for Applied Linguistics and at the National Council of Teachers of English headquarters. The next volume in the series will list the English content of *RIE* and *CIJE* from July through December 1970.

In the near future, it will be possible to search by computer the entire ERIC file to produce up-to-date bibliographies of ERIC documents on selected topics of interest. This series will then be discontinued.

CITATIONS. At the end of every citation in brackets is either an ED Number or an EJ Number. The complete text for a document bearing an ED Number can be ordered from EDRS whenever EDRS reproduction prices and abbreviations follow the ED Number. Ordering abbreviations and procedures are explained on

(Continued next page)

page viii. Some documents with ED Numbers are not available from EDRS (although abstracts for them appear in *RIE*); for these documents, the availability source is the publisher or distributor as noted in the citation in lieu of EDRS information.

An EJ Number indicates that the document bearing it is a journal article indexed in *CIJE*. The complete text of a document with an EJ Number is not available through EDRS; the journal in which it appeared must be consulted. The abbreviated name and issue of the appropriate journal is given in the citation; abbreviations are explained on page ix.

FINDING AIDS. This bibliography numbers all citations and employs two principal finding aids: a classification system based on a taxonomy devised by an ad hoc committee of NCTE bibliographers, and an author index. In addition, there is a "Finding List for ERIC Documents" (page vii) which cross-references ED Numbers and EJ Numbers to the issues of *RIE* or *CIJE* in which more information about a particular title may be found. Documents with ED Numbers, for example, are amply described by abstract in the appropriate issues of *RIE*; many documents with EJ Numbers are annotated in issues of *CIJE*. Because this index is neither narrowly specialized nor comprehensive of all extant English-related books, articles, and research reports, it is particularly useful for the kind of browsing that would answer the question: What can be identified through the ERIC system on the subject of teaching English?

FINDING LIST FOR ERIC DOCUMENTS

The source for a document listed in this index is cited either in *Research in Education (RIE)* or in *Current Index to Journals in Education (CIJE)*. Documents bearing ED Numbers are from *RIE;* with EJ Numbers, *CIJE*. Either of these publications contains additional information about the content of a particular document. An abstract of any document bearing an ED Number can be found in the issue of *RIE* to which this list cross-references it. Documents bearing EJ Numbers are not abstracted; however, annotations (or descriptors denoting the various concepts treated in a journal article) can be located under the article's citation in the issue of *CIJE* to which this list cross-references it.

ORDERING INFORMATION

Most of the ED-Numbered ERIC documents cited in this bibliography are available from the ERIC Document Reproduction Service (EDRS). Abbreviations in the bibliographic citations for each document are MF for microfiche, HC for hard copy. Thus "EDRS Price: MF-$0.50 HC-$4.00" means that the document can be purchased on microfiche (4" x 6" microfilm card containing up to sixty pages) for 50¢ or in hard copy, i.e., a photographically reproduced paper booklet, for $4.00. If only microfiche (MF) price is given, the document is not available from EDRS in hard copy. The citations for documents not available through EDRS contain no EDRS ordering information; instead, the publisher or distributor is noted (for National Council of Teachers of English publications, see below).
